## 120XP™ Locking Flex Head Ratchets

The 120XP Locking Flex Head Ratchet provides the ultimate access to reach more fasteners. The ratchets have a 22% more compact head design that allows access to more hard-to-reach fasteners, and nine locked and unlocked positions in the locking flex head that allow for the ultimate balance of use. The 120XP Locking Flex Head Ratchets' double-stacked pawls engage a 60-tooth gear to give 120 positions, delivering a 3° swing arc so you can turn fasteners in tighter confines.
