

KAM1/K CABLE STRIPPER

The Cable Stripper KAM1/K allows all common round cables of between 4 and 28 millimetres diameter to be stripped accurately, quickly and safely. The cable stripper has an ergonomically-shaped, non-slip handle. The cutting depth of the blade can be regulated infinitely with the help of an adjustable screw on the end of the handle. This prevents damage to the inner conductor.

The blade is integrated self-rotating into the casing, allowing automatic conversion from circular to longitudinal cutting. In addition, the KAM1/K has a hooked blade which can be covered with a protective cap. This cap rests securely over the blade, significantly reducing the risk of injury.

Patent no. 100 01 002

TECHNICAL DATA

FEATURE	DESCRIPTION
Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	External diameter 4 - 2 mm
Inner blade	Adjustable & Replaceable
Additional benefits	Hooked blade with protective cap
Approval/certificate	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	185mm
Weight	96g
Accessories	Replacement blade, item no. KAM-BLADE

ORDERING INFORMATION

PART NO: KAM1/K

***Note:** Do not use on "live" conductors

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.
