

## KAM4-28 CABLE STRIPPER

The Cable Stripper KAM4-28 allows all common round cables of between 4 and 28 millimetres diameter to be stripped accurately, quickly and safely. The cutting depth of the blade can be regulated infinitely with the help of an adjustment wheel casing. This prevents damage to the inner conductor. The blade is integrated self-rotating into the casing. In addition, a hooked blade is integrated into the KAM4-28 and can be lowered unto the casing. The blade can be fixed in both positions. This leads to a significant reduction in the risk of injury which fixed blades can present.

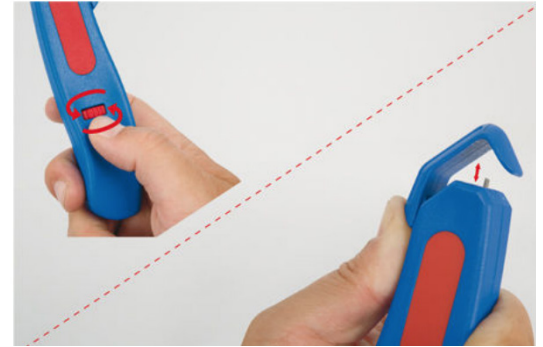

### TECHNICAL DATA

FEATURE	DESCRIPTION
Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	External Diameter 4 - 28mm
Inner blade	Adjustable & Replaceable
Additional benefits	Retracted hooked blade
Approval/certificate	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	145mm
Weight	70g
Accessories	Replacement blade, item no. KAMS4-BLADE

### ORDERING INFORMATION

**PART NO: KAM4-28**

**\*Note:** Do not use on "live" cables

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents.
