

KUS10 FLAT CABLE WIRE STRIPPER

The CABAC Wire Stripper KUS10 has a precise adjustment (5-fold) and an optical length scale of 8-24mm (5/16 - 1 inch). This allows flexible round cables of 0.5 to 10mm² (24 - 10 AWG) and solid round cables of 0.5 - 10mm² (18 - 15 AWG) to be stripped. From 10mm², cables must be stripped in two stages. The Wire Stripper KUS10 is particularly well-suited to two or three-core, PVC-insulated flat cables of 0.75 - 4.0mm².

An easy-to-access side cutter is integrated into the tool and can be used up to a cable diameter of 3mm. It has exchangeable blades.

TECHNICAL DATA

FEATURE	DESCRIPTION
Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	Flat cables 0.75 - 4.0mm ² , Round cables flex. 0.5 - 16mm ²
Inner blade	Replaceable
Additional Benefits	Side cutter up to max. 3mm Ø
Approval/certificate	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	170mm
Weight	217g
Accessories	Replacement blade set, item no: KUS10-BLADE

ORDERING INFORMATION

PART NO: KUS10

***Note:** Do not use on "live" conductors
